LEGAL & REGULATORY DISCLAIMER: The study materials, question pools, flashcards, reference sheets, and practice exams contained in this repository are **independently authored study aids** and are **NOT official examination materials** from the Georgia State Board of Examiners of Psychologists, PSI Services LLC, or the Association of State and Provincial Psychology Boards (ASPPB). While based on public Georgia statutes (O.C.G.A.) and Board Rules (Chapter 510), these materials **have not been verified, reviewed, or approved by any licensing board, testing vendor, or regulatory authority**.

Field Validation & Exam Format Reality: In an *n*=1 sample, the author passed the actual Georgia Psychology Jurisprudence Examination (GAMB) administered at PSI after studying solely from Version 1.0 of this question pool and flashcard deck. The repository has since been expanded in Version 2.0 to be even more thorough. **However, candidates must be aware that the format, details, narrative structure, complexity, and approach of the questions on the actual GAMB exam are NOT AT ALL like the direct, fact-checking practice questions in this package.** The actual examination heavily features applied clinical vignettes, multi-variable age-bracket pairings, and indirect scenarios. While it has been our deliberate **aim to cover all testable legal and regulatory facts** so that candidates have the raw statutory knowledge necessary to reason through complex questions on the real exam, **we make no claim, representation, or guarantee that all testable facts are covered**, or that studying this material will result in a passing score. Laws and regulations change, and these materials may contain errors or omissions. Use of these materials is entirely at your own risk. The author and contributors disclaim all liability for any claims, damages, direct or consequential losses, examination outcomes, or reliance upon these materials.
